

In re: Schack et al.  
Application Serial No. To be assigned  
International Application No.: PCT/EP2005/001557  
International Filing Date: February 16, 2005  
Page 2

**Amendments to the Specification:**

At page one, line 2 following the title "*FOLDABLE MOBILE TELEPHONE TERMINAL WITH ANTENNA AND GROUND PLANE MADE IN ONE PIECE*", please insert the following paragraph:

**CROSS-REFERENCE TO RELATED APPLICATIONS**

This application claims priority under 35 U.S.C. § 371 from PCT Application No. PCT/EP2005/001557, filed in English on February 16, 2005, which claims priority from European Patent Application Serial No. 04005861.2 filed on March 12, 2004, and U.S. Provisional Application Serial No. 60/554,282 filed on March 18, 2004, the disclosures and contents of which are incorporated by reference herein in their entireties. The above-referenced PCT International Application was published in the English language as International Publication No. WO 2005/096436.

At page one, line 28, please delete the following paragraph:  
None of the documents however describe how the performance degradation because of the many components connected to a ground plane is to be solved.

At page one, line 36, please delete the following paragraph:  
The present invention is directed towards solving the problem of providing an in-built antenna in a portable communication device, where the degraded performance because of a multitude of connections to a ground plane is eliminated.
